Adobe Releases Security Patch Updates for August 2019

Dear Constituents,

Adobe on Tuesday released its August Security Update for the month of August 2019 that resolves 119 security vulnerabilities in eight programs. These updates include fixes for information disclosure, privilege escalation, arbitrary code execution, remote code execution, and memory leaks

Affected Software include the following:

- Adobe Photoshop CC
- Adobe Acrobat and Reader
- Adobe Creative Cloud Desktop Application

You can view more from Adobe Security.

What to do

Users of the affected Adobe software are highly recommended to update their software packages to the latest versions as soon as possible.
