November Patch Tuesday for Microsoft and other vendors for November 2019

Dear Constituents,

Microsoft has released its monthly roll-up for the month of November. Microsoft has released security updates to fix a total of 74 vulnerabilities in Windows operating systems and related software, 13 of which are rated as critical.

Patches from other vendors are also available as follows:

- Adobe's monthly security update: https://helpx.adobe.com/security.html

- Android's Security Bulletin for November 2019 is detailed here:
  https://source.android.com/security/bulletin/2019-11-01.html

Microsoft Products that this month's update will patch:

These products include the following:

- Microsoft Internet Explorer
- Microsoft Exchange
- Windows Hyper-V
- Windows Media Player

What to do

Users and administrators are strongly recommended to install these security updates as soon as possible to protect Windows and the relevant products from security risks
