Microsoft Patch Tuesday February 2019

Dear Constituents,

Microsoft has released its monthly roll-up of security patches known as **Second Patch Tuesday.** This means it's time to get those security updates installed.

Feburary 2019 security update address flaws in Adobe Flash Player, Internet Explorer, Edge, Windows, MS Office, and Office Services and Web Apps, ChakraCore, .NET Framework, Exchange Server, Visual Studio, Azure IoT SDK, Dynamics, Team Foundation Server, and Visual Studio Code.

Overall is a total of 77 vulnerabilities in its Windows operating systems and other products, 20 of which are rated critical, 54 important and 3 moderate in severity.

What to do

Users and system administrators are strongly recommended to update to the latest security patches to protect your computer from security risks.
